RoHS Statement

Please be advised that VPT Components is committed to working with our customers and suppliers in meeting the requirements of Restriction of Hazardous Substances (RoHS).

VPT Components is RoHS compliant with the following:

- All Gold-plated terminal products that have not been Hot Solder Dipped with a Tin-lead (Sn-Pb) alloy.
- All chip products, whether military or commercial are naturally RoHS compliant, see chart below. Typically, backside metallization is either silver or gold and the front metallization is either silver or aluminum. The chips are made of silicon.
- All our commercial products are available with a RoHS compliant lead finish of 100% Matte Tin electro plate, upon request.

Restricted Hazardous Substances	Restricted Limit (ppm)	Restricted Limit (%)	Directive
